Why is this program different?

Stewards of Children uses real people and real stories to show you how to protect children. You'll meet survivors who lived through child sexual abuse, experienced its immediate and long-term effects, and ultimately were able to find healing. You'll meet experts who work with children and families, and confront abuse on a daily basis. Many of these survivors and experts are also parents, themselves.

Why does it apply to me?

Child sexual abuse is likely the most prevalent health problem children face, with the most serious array of consequences. In fact, 1 in 10 children will experience sexual abuse before their 18th birthday. This means that whether you work with youth, are a parent, or are simply a member of a community, it is highly likely that someone you know and care for has experienced, or is currently experiencing, child sexual abuse. It's going to happen whether you are prepared to deal with it or not - unless you stop it from happening.

And the good news is, it can be stopped.

**Warm Hands
Warm Hearts**

This is a program where we provide warm coats, hats and gloves to kids who need them. We also occasionally provide financial assistance in emergency situations (We only do this through another screening agency. We do NOT provide financial assistance directly to a family). We collect gently used (or new) heavy coats, gloves, and hats. Please call if you have items to donate or use the button to make a monetary donation.

Jackson County Family Connection Council, Inc. is a non profit 501(c)3 and all donations are tax deductible.
